Dear Bill:

I was delighted to learn that you will be able to be with us for our conference on "Europe in the Eighties." Since you were good enough to be flexible about your participation, we plan to have you speak to the subject of West European attitudes toward the East, including the inter-German issue. As you can see from the attached agenda, your statement of about 15-20 minutes would be followed by a presentation on the politics of East-West trade. Discussants for both topics will be Josef Joffe (presently at Carnegie), Marshall Goldman, and Bill Diebold.

The dates of the conference remain Thursday and Friday, April 5 and 6, and its venue the Department of State. The Department will be in touch with you regarding administrative arrangements.

Sincerely,

Milton Kovner  
National Intelligence Officer  
for  
Western Europe
